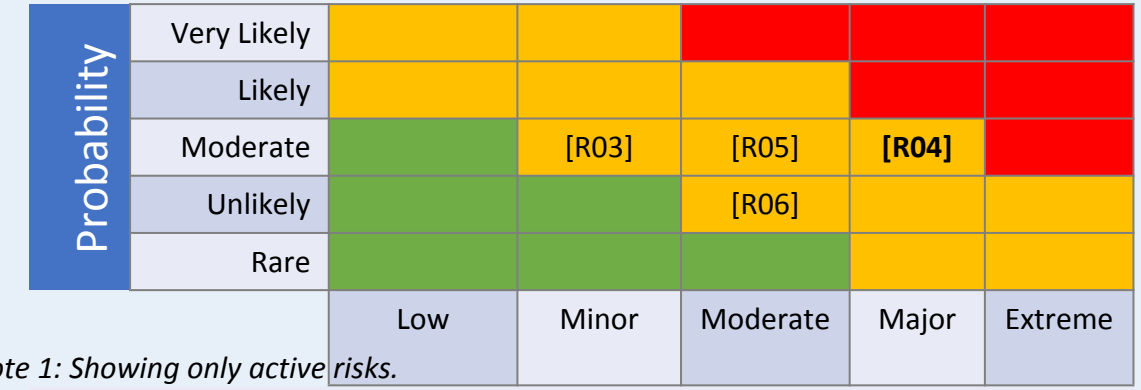
– Customer Management lead
Adeola Odusola
– Documentation lead
Hung Pham
– Development lead

Risks



Note 1: Showing only active risks.
*Note 2: This period's risks are in **bold**.*

Challenges

[C07] Installing CentOS: kept on getting error 512 when installing and setting up Meza. Decided to use a different approach and only install MediaWiki 1.27.4 from the WikiMedia website.

#	Risk / Issue Description	Open Date	Close Date	Status	Owner
R04	Time constraint: the final date is rigid and cannot be changed.	05/25/2018	08/12/2018	**Closed**	Kelli
